My dear Dr. Mung:-
I had really no expectations
of being able to raise the money to purchase
the Jones Herbarium and I am so pleased
to know that you have succeeded. I had
not even begun to try so don't feel at all
disturbed about getting in ahead. It is a
great addition to the herbariums on the
coast and really when we are in ac-
cord as I expect we always shall be
it makes but little difference. Your
herbarium is, like ours, cosmopolitan

and it is the only good herbarium
in Southern California. Did I send you
any of the Yukon willows when I
sent the duplicates? I believe not and
I have some that I can send if
you would like them.

Please give my kind regards to
Mr. and Mrs. Needham. I have seen
very little of their son as I rarely go to
Miner Woods where he is stationed.

I wonder if you could send us
any specimens from Southern Calif.
that would help to make the flower
show of which the enclosed circular
tells about. We want to have some
specimens from all parts of California.

Yours sincerely, Alice Eastwood
